

# KITCHEN NEWSLETTER

Hello All,

I took over the running of the Kitchen in April 2021 and what an amazing year I've had. In October 2022 I will have been here 10 years, so I already knew my way around the kitchen. But the past year it's been my chance to put my own spin on things. For instance, I have introduced fresh pizza bases, hot roast pork baps more vegetables (including hidden ones in dishes), more choices and found more fruit based puddings that the children enjoy.

The winter menu has been a huge success with an average of 75% uptake. We've had some challenges with food shortages and unavailable products, but we've managed to get through it with very little change. Our new summer menu is a balance of cold and hot options. The children have been desperate for me to do Taco Tuesday, so pizza day has been moved. The children are also enjoying having the chance to have a class choice menu, year 4 next.

Freshly made Pizza, probably one of the children's favourite dishes. The pudding is sticky toffee cake.
